

SVTA9100

9 pc Truck Cooling System Adaptor Set

Truck Radiator Cap Adapter Kit

Developed to work in conjunction with coolant system pressure testers and refillers
SVTS272 Coolant System Pressure Tester—SVTSRAD372TA Large Truck Refiller

Features and Benefits

- Built of high-grade aluminum, steel and composite materials
- Developed to work in conjunction with existing coolant system pressure testers and refillers; SVTS272 Coolant System Pressure Tester and SVTSRAD372TA Large Truck Refiller
- Some adaptors are shaped like the caps from the systems they test for easy identification
- Includes a laminated adaptor application sheet for quick reference and the cooling system application booklet
- Interactive adaptor search is also available at www.snaponradiatortools.com

SVTS272 Coolant System Pressure Tester and SVTSRAD372TA Large Truck Refiller
NOT Included and Sold Separately

WARNING

- Pressurized equipment, systems or tanks can break or leak
- Do not exceed the maximum pressure rating of equipment. Wear safety goggles or shield and protective clothing appropriate to the fluid
- Pressurized fluid striking the body can cause personal injury. Flammable fluids such as gasoline, propane, etc. can ignite or explode and cause injury.
- Fluids can leak or escape
- Use only in well ventilated areas. Breathing vapors or fluids from leaks can cause illness or injury
- Pressurized air or fluid stream can propel dust or particles
- Do not direct air or fluid stream at your body or at others
- Flying particles, air or fluid entering body can cause injury
- Improper use or maintenance of pressurized equipment can cause leaks or rupture
- Read and follow instructions.
- Leaking of pressurized equipment can cause injury. Read additional safety warnings on pages W1 to W4 in Catalog 1400
